I would love to see you. We'll have to play timing by ear so I'm copying Huma and Lona to help schedule.

Hillary,

I expect you are claimed six times over, given everyone who is in NY for CGI, but I will be in NY from tonight through next Saturday (returning Saturday), so if you could have dinner Friday night or just a cup of tea after the closing plenary, I would love to see you.

I loved the Washington Post piece!!!! And your inquiry meant a lot to [redacted] and I appreciated having a few minutes to talk. I know how true it is that this is "24/7" as the Post quoted you remarking.

Hillary: See today's "Limits of Force" OpEd by Chuck Hagel. No answers but apt analysis.

Might Congressional momentum for development assistance reform warrant serious consideration of former or current Member of Congress to head USAID? Hagel? Lee Hamilton?... Still thinking!
