Note for the Secretary on May 6 Meeting with Sergei Ryabkov and Anatoly Antonov on the Strategic Arms Reduction Follow-On Treaty (START FO) and the Conventional Forces in Europe Treaty (CFE)

U.S. Participants: Rose Gottemoeller, A/S for Verification, Compliance and Implementation; George Look, Senior Director for Strategic Matters, NSC; Ted Warner, OSD Representative to START FO talks.

Key points:

START Follow-On

- We will meet in Moscow May 19-21 for our first formal talks with full negotiating teams. The U.S. side will provide a paper in advance with the key elements of the START FO agreement as we see it; the Russian side undertook to do the same. They also asked that we send them as soon as possible a draft presidential statement for the July summit, since their interagency will need time to digest it. (We undertook to provide one soon.)
