Cheryl—

In anticipation of our conversation later today, here are some thoughts in support of an appointment at State:

- I've been cleared by State Dept security for an ambassadorial-level position
- My resume (attached) shows good experience in numerous areas useful at State—and I'm known for being able to get the job done
- I'm ready to go---right now; I can begin immediately to contribute
- No one can question my loyalty—I've had a lot of years of successfully making high ranking government officials look good

Later,

[redacted]
