Why not [redacted] as G? [redacted] -- why not find [redacted] something great and move them both back here? [redacted] has overseen disaster relief and immigration policy, both relevant for PRM; [redacted] has a civil rights background, core for human rights: [redacted] been deeply engaged in Latin American issues. And [redacted] would love to take on GTIP. More broadly global affairs are largely issues that were once internal affairs gone global -- environment, rights, population management, crime.
