Good morning Doug -

I think my response bounced back so I'm trying this again (apologies if you get two emails from me) Send me any points you would want to have made in the letter, as well as if it should be addressed to anyone in particular, and we'll get it done!

Thanks!

Thanks so much! I'll work with Rob on the letter.

FYI, I'm meeting with Judith McHale this week to talk about Pakistan, per our previous conversation. I've also been talking with NDI about being the interlocutor for the strategic communications program for the government and political parties.

I think it's best for USG and all involved that it go through a respected NGO. They're keen to help.

I'm copying Rob Russo so he can work w you to draft the letter.

This is very exciting.
