**Subject:** Peshawar Recovery Actions

Classified by DAS, A/GIS, DoS on 01/29/2016 ~ Class: CONFIDENTIAL ~ Reason: 1.4(G), B1 ~ Declassify on: 04/04/2035
--

Additional steps being taken to support Peshawar:

1. Islamabad Facilities Management Officer and 5 local employees will arrive in Peshawar Tuesday morning to assist in emergency repairs.
2. We are sending out \$50,000 in emergency construction funding.
3. The OBO Project Director has established communication with a local Peshawar contractor to initiate concrete T-Wall production to replace and supplement those units damaged by blast.
4. The OBO contractor working on the Safe Haven Facility at the Consulate is available on-site to assist in repair operations.
5. Forced Entry Bullet Resistant doors and windows [redacted] have arrived in Peshawar for installation. 1.4(G)  
B1
6. Forced Entry Bullet Resistant doors and windows [redacted] have cleared customs and will be shipped to Peshawar this week.
7. Portable Delta barriers [which control vehicle access] are being shipped from Islamabad. Once an assessment is done on the damaged Control Access Center #1 [the site of the attack], a listing of required spare parts for the Delta barrier and technical security systems will be identified for either immediate procurement and shipment from the U.S. or possibly from existing spares at other Pakistan locations.
