B6

The family visit was Respectful and allowed the families to have some closure.

Very shortly after arriving at the site I believe the families understood the magnitude of the devastation at the Hotel Montana and the reality of surviving such devastation.

They thanked the Ambassador and Rescue teams, Consulate, etc who were Searching for their loved ones.

Given the sad situation - the families were grateful to speak with people who were searching for their children.

I am around tomorrow if you have any questions.

**Subject:** update on Montana Hotel visit  
 State Ops is calling for an update on how the Lynn University/McGovern visit to the Hotel Montana went. Gary Rex is still at the airport with the group and my cell phone call is not going through. Can one of you please provide an urgent update to Ops at 202-647-1512?

Thank you,  
 Liz
