Cheryl:

Just spoke with Mike Posner about this issue. Not sure you had an opportunity to discuss with S but I wanted to give you an update. Mike told me that he and H have been working this issue on the Hill and have made some progress.

I am travelling and will be back in the office Wednesday afternoon. Mike will be in the office on Monday and may try to discuss with you and/or S after the Monday a.m. meeting.

Thanks for your help.

Importance: High

We did not get to discuss this yesterday but I wanted to bring you up to speed on an issue that is brewing between BBG and DRL. As you know DRL received \$50 million for internet freedom related initiatives. Last year they received and dispersed \$20 million in the form of small grants to a variety of institutions involved in these issues. They also transferred \$1.5 million to BBG which BBG used to fund research in circumvention technology.
