Absolutely. Get some sleep! And don't you love how the stereotype of women who focus on soft peripheral issues like development and empowering women suddenly shifts to the stereotype of women as Amazons?

I heard from the president of the American University in Cairo tonight that the youth of Egypt represent a genuine sea-change from their parents, and that they are all rooting for the Libyans. And when things calm down a bit I'll send u some really interesting stuff I've been collecting re how the Internet empowers women leaders/protesters in particular.

All best,
AM

Keep your fingers crossed and pray for a soft landing for everyone's sake.

I cannot imagine how exhausted you must be after this week, but I have NEVER been prouder of having worked for you. Turning POTUS around on this is a major win for everything we have worked for. AM
