Subject: RE: Israeli Urgent "Strong Requests"

B6

The Minister of Information gave a statement a few minutes ago out of the Cabinet Meeting. Key elements from our monitoring:

Egypt is going through a sensitive period. What happened yesterday is an explicitly illegal action. Perpetrators cannot be described as honorable. Perpetrators cannot be described as honorable. The incidents that took place harmed the reputation, image and interests of Egypt.

The meeting agreed on:

- Undertaking all legal measures to refer those who were involved in yesterday's attacks to SS Emergency Court.
- Applying all legal provisions of the emergency law - that was supposed to be lifted- in order to preserve the state.
- Egypt confirms its commitment to international conventions and provisions including securing diplomatic missions in Egypt.
- The government calls upon political forces and media to face the lack of security and refrain from reports that may adversely affect national security in favor of certain arguments.
- Security will undertake legal actions to secure vital buildings, confront thuggery and defend itself.

They are upstairs now. Six security fellows departed. They don't know how they are going to run an embassy. More tomorrow.

Re the second, of course it was doable and we offered to pick them up anywhere, but they said they preferred to come in their own cars. They should be here any minute.

Trying to get hold of someone so that I can convey the first request.

Press reports that Saudi embassy, not too far away, is also under attack. The beef against the Saudis apparently is that some pilgrims were mistreated and that they are friends of Mubarak's.

Gaza police station in the same neighborhood was attacked by a mob, too, and police vehicles etc burned.
