Subject: U.S.-ASEAN Joint Statement

Team,

[redacted] just signed off on the U.S.-ASEAN Leaders Meeting Joint Statement. Attached is the final version of the negotiated text – Phils are formatting now for release. Amazingly after this awful process, we ended up with a good product that is a light-years improvement from last year on our key strategic interests. [redacted] is very happy with the work that went into this and where we ended up. Colin asked me to pass on a thanks and “great work” message to everyone involved. Beers on me when we get back.
