B6

Of course.

As you know, we ended up with only one plane team person for the first country and jon barely slept. And dew was taken off vacation to do uzbekistan so we asked what we could do to thank them. I also asked dew to be given a good slot for eap trip.

We want to do before jon austin and team head for hawaii which is nov 1.

Lona/Huma/Alice:

As we wrap up one of the more demanding trips the Secretary has been on in awhile, I'd like to propose the Secretary drop by the Line, the Executive Office, and the Correspondence and Records unit sometime between now and the end of the year. The whole swing could be finished in less than 15 minutes, with a few minutes in each of the three locations to say thanks for the support, and it would really help a lot with morale. The most critical is the line, most of whose employees have spent largely sleepless nights over the past week, but it would be nice to include the other two adjacent offices, since I don't think the Secretary has visited (but I defer to you with greater institutional memories).

Many thanks,

Steve
