Too bad they're showcasing him. See you tomorrow when we try making lemonade out of some pretty sour lemons!

Subject: 60 Minutes Sunday

Madame Secretary, a very quick update. I just received confirmation from 60 Minutes that a piece on Julian Assange will air Sunday night. He will be the only person featured. We had made a number of suggestions for outside experts and former diplomats to interview to "balance" the piece. 60 Minutes assures me that they raised a number of questions and concerns we planted with them during the course of the interview. We will be prepared to respond to the narrative Assange presents during the program.
