Yes. Please call me early in the morning as I have to leave the office at 11:45am to catch a flight. I just read the Government's opposition to Rene's request. With all due respect (I know you didn't write it), I found it an extraordinarily weak document. I think the Judge will grant Rene's request and we will have lost the credit for the good will we could have demonstrated by not opposing it. The conditions the Government seeks to impose if the Judge grants the request are also a bit of a joke. How is the Government going to establish whether Rene met with Cuban intelligence while in Cuba? More when we talk.
