I'd like to do too. Have Carlos draft a letter from me to him explaining project and asking for mtg then call to set up.

He was CEO of Edison International, the parent of So Cal Edison, for 18 years. He could be hugely helpful in working out how to implement Connect 2022, the western hemisphere power initiative S launched in Cartagena. He could help tremendously in our outreach to the private sector. Do you think S would be amenable to inviting him for a meeting? Or could she get us in to see him? Appreciate your help. Carlos
