B6

I really do look forward to a long conversation [redacted] when you are out of office and can get some real downtime. Meantime, I just have to say that one of Obama's best moments in the debate tonight (more about domestic policy, and certainly the electoral map, than foreign policy) was at the end when he said "I will listen to your voices; I will fight for you." A leaf directly out of your 2008 playbook; I got a lump in my throat.

Best,  
AM
