B6

When would be good times for you to talk this weekend?

**Subject:** A headache neither of us needed!

I will write at greater length this weekend on substance, which is what matters here. But thanks very much for reacting so fast and for trying to call; that meant a great deal. And take a long walk in the beautiful autumn woods this weekend! No need to respond; I fully understand if you do not want to put anything in email.

Best,  
Anne-Marie
